Non-Publication Request

This request is related to the patent application titled "De Novo synthesized plasmid, method of making and use thereof". I certify that the invention disclosed in the application has not and will not be the subject of an application filed in another country, or under a multilateral international agreement, that requires publication of the applications 18 months after filing. I request that the content of the patent application is not published 18 months after filing.

A handwritten signature in cursive script that reads "Chuan Li".

Chuan Li

Applicant name: Chuan Li

Title of the application: De novo synthesized plasmid, method of making and use thereof

File Reference: ETI.PMMU.011502

Application number: 10/068,664

Filing Date: 02/06/2002
